

Live streamed services

We will be continuing to live stream:

- our short reflective service at 12 noon Monday to Thursday
- our service of Holy Communion at 10 am on Sundays

You can follow the live streamed services at the time or later in the day on Facebook (Shelswell News group).

After the service, the Communion service will be uploaded to YouTube. This does not require you to join YouTube in any way - just type 'YouTube Shelswell Parishes' in your search engine. You will then see the services there – just click on the one you want to watch.

If you are not sure how to do this, but would like to, please contact me or Yvonne and we will help you through the process.
